

REIMAGINE JEWISH LIFE IN CYPRESS

BUILDING A CENTER FOR JEWISH LIFE

Our Guiding Light

Chabad is a global movement of joyful Jewish education and community connection driven by the teachings of the Lubavitcher Rebbe. With his profound love for humanity and boundless optimism, the Rebbe launched an unprecedented range of Jewish institutions, programs and social services. Chabad of Cypress, together with tens of thousands of emissaries and volunteers of all denominations continue the Rebbe's mission to create a world of goodness, goodness and redemption.

Dear Friend,

It all began with a dream. We moved to Cypress in 2018 to fulfill our dream of Shlichus, taking up the Rebbe's vision to help even one person do one more mitzvah. We opened a humble operation out of our home and watched as it matured into a warm growing community.

This year, we purchased a larger home to better accommodate the growing needs of the community; unfortunately, an unexpected fire destroyed the house completely.

As believers in Divine Providence, we must strive to see the positive in every situation. Forest fires can cause severe damage, but they also create space for new beautiful trees to grow with even more sunlight. In a similar vein, we now have the opportunity to reach greater heights through planting stronger and deeper roots that can grow bigger and shine brighter.

It is time for us not only to dream, but to act, and do something groundbreaking and historic. We believe the time is ripe to build a state of the art center and synagogue to serve the whole community today, and for generations to come. It is time to invest together in the future of Jewish life in Cypress and Northwest Houston.

Become a partner in this reality.

We welcome you to learn about our building campaign and humbly request your partnership in this exciting endeavor.

The fulfillment of this dream depends on people of vision and generosity.

It depends on you.

With deep appreciation,

Rabbi Levi & Devorah

Chabad is a way of life that sees every person as the center of the universe and every experience as a chance to improve the course of history. With opportunities to expand the mind, excite the heart, and touch the soul, Chabad offers a wide range of activities where openminded exploration is embraced.
