FROM *The Rabbi*

DEAR FRIEND & PARTNER,

Your friendship warms my soul. I hope you enjoy reading this impact report, where you will see first-hand the impact you have made on so many lives in just one year.

You have helped countless individuals powerfully engage, get connected, be inspired, and feel at home. This year, with your generosity, you have provided a permanent home with our exciting new building purchase.

Because of you, Jews in Cypress feel that they can proudly put a mezuzah on their doorpost, explore their meaningful heritage, join exciting immersive experiences and feel the warmth of their Chabad family.

You give courage, strength and inspiration to Jews across Cypress and Northwest Houston. You have been a shining light in a dark world and a source of stability in unstable times. Thank you for caring.

You have created a REAL Miracle in Cypress. You did it!

THANK YOU!

Wishing you a 2022 full of revealed blessings, success in all your endeavors, good health, and true nachas and joy!

With love and admiration,

Rabbi Levi & Devorah

Your Vision

EDUCATING THE FUTURE

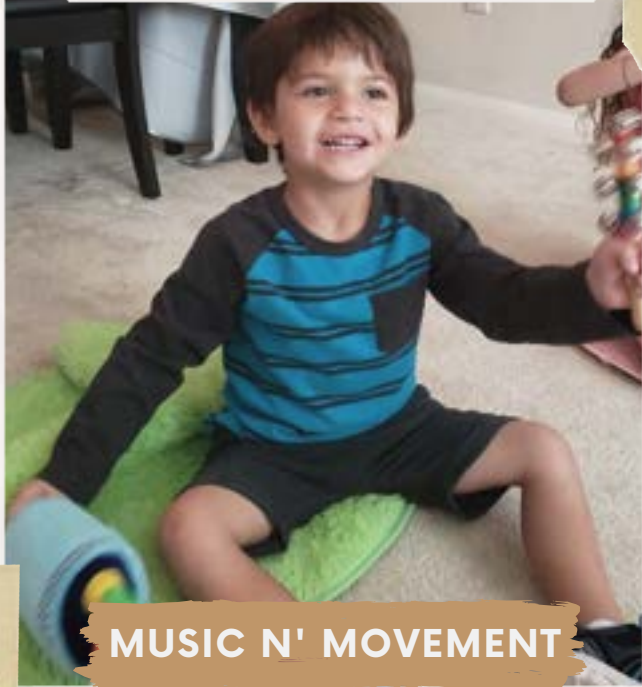

YOU INSPIRED TEAGAN TO GET A JEWISH NAME

5th grade Teagan and her family recently moved here to Cypress. Without any prior Jewish education, this year Teagan joined our JUDA program. While connecting with other Jewish girls, Teagan learnt her first blessing, her first prayer and all about her heritage. JUDA has awoken Teagan's desire to learn more about her heritage and Jewish identity. Her thirst for Jewish education is inspiring. She chose to get a Jewish name for herself, Chaya Golda after her grandmother. Thank you for providing Teagan with a chance to learn about who she is. You have helped to ensure a Jewish future!

Your Generosity BUILDING A COMMUNITY

YOU GAVE BART HIS FIRST PRAYER

Bart has been living by himself in the Cypress area for many years. Totally disconnected from any sense of community or Jewish life.

Through the many holiday care packages and roving rabbis visit this past summer, all of which have shown Bart love and comfort, and showed him that he is not alone and part of the greater Jewish family in Cypress.

Feeling more comfortable and encouraged, he was able to muster the courage to join a High Holiday service for the first time in his life. Following the Yom Kippur service, he approached us to express his gratitude. He commented how connected and uplifted he was feeling from the beautiful services. Thank you for giving Bart a place to pray and connect!

Your Kindness

OPENING THE MINDS OF MANY

YOU GAVE WENDY A WEEKLY MOMENT OF INSPIRATION

Wendy is growing in her Judaism and thirsting to learn more about her heritage and the deeper meaning of life. Through our lady's "half hour power" weekly class on Tanya, she is thrilled to be getting the inspiration and knowledge she is looking for to help her on her journey.

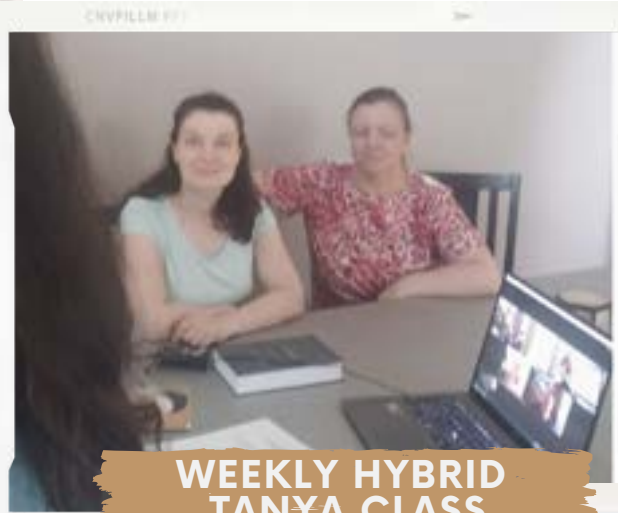

In Wendy's own words: "The Tanya class has made me more mindful. It has helped me focus on the fact that Hashem is everywhere. I have begun to say the blessings before eating and remember to thank Hashem a lot more!"
